STAKES ARE WELL FILLED

ENTRIES FOR CHURCHILL DOWNS EVENTS
PRISAGE GREAT RACING IN KENTUCKY.

Nominations for Frank Fehr Stakes, Seventy-Eight
in Number, Give Good Line on Useful Selling
Platters That Will Engage in the Sport.

Louisville, Ky., March 19.—Entries for the Frank Fehr Selling Stakes, to be run during the spring meeting at Churchill Downs, have been announced by Secretary H. C. Applegate of the New Louisville Jockey Club. Seventy-eight nominations were made, although the event is a selling stake, the list of eligibles includes some of the leading performers of the turf. The race is to be at one mile, for three-year-olds and upward, with \$1,000 added.

Among the nominations are such exponents of speed as Iron Mask, holder of the American record of 1:00 2/5 for six furlongs and the mark of 1:03 2/5 for five and one-half furlongs; Brimhurst, one of Camden's cracks; Hawthorn, Helen Barbee, Leo Skolny, Bradley's Choice, Boots and Saddle and Vandergrift, all thoroughbreds that would figure prominently in any kind of a field.

So many stars are available this season and there is sure to be such spirited competition in all events of any considerable value that stables seeking to augment their income are expected to be unusually free in sending their charges to the post. All of the local fixtures have filled generously, and it is probable that fields of record breaking numbers as well as class will face the barriers in most instances.

The stakes at the Downs are beginning to fill. The local colony has just been increased by four of P. T. Culpin's racers, two belonging to T. Taylor, three owned by R. L. Rodgers and fourteen belonging to William Gerst.

FITZSIMMONS STRING WILL BE READY.

New York, March 19.—Horses of all ages and of various abilities, representing half a dozen owners, constitute the stable James Fitzsimmons is preparing at Gravesend for the first spring meeting of the Southern Maryland Fair Association at Prince George's Park, near Bowie. The Southern Maryland Fair Association's track is situated midway between Baltimore and Washington and its coming meeting will inaugurate the eastern racing season. The Jockey Club of New York having taken Bowie into the fold last winter and assigned to the new track the dates which formerly were utilized by the Jamestown Jockey Club.

The horses Mr. Fitzsimmons will race at Bowie April 1 to 14 are twenty-one in number, and are well advanced in training. Fitzsimmons has taken full advantage of the favorable weather for conditioning horses that entered Gravesend since the first of February. And besides having a lot of races for the opening meeting this New York trainer will have two excellent jockeys in the veteran McCahey and the apprentice McKeever. McCahey who has been with Fitzsimmons for many years, is under contract this season to the Quincy Stable, his retainer being \$6,000. McKeever has worked himself into condition by galloping horses this winter.

Thirteen or fourteen horses of the Quincy Stable, which sent Trojan out to win the Futurity last August at Saratoga, are in the Fitzsimmons stable, but Trojan and Double Eagle are not among them. They belong to a division of the stable that will race in Kentucky and Canada this year under the management of Stephen Lawler. And besides Lawler's lot, there are two other divisions of the Quincy stable, one of which will be trained by Edward Phelan and the other by "Little Mike" Daly. Both of these contingents will race at Bowie.

Headmaster, like Trojan, a product of Henry T. Osgood's Blue Ridge stud in Virginia, is the best known of the Quincy stable horses Fitzsimmons is training for the Bowie meeting. He won at all distances two-year-olds were asked to travel last season and Fitzsimmons is confident he will hold his own in better than selling plater company over considerable distances of ground this year. Headmaster has broadened and thickened over winter into one of the most prepossessing looking of three-year-olds. He is a big horse on short legs with reach and scope and he will surely manage weight well. Best of all, he is perfectly sound, and he is likely to help make a name for Sir Wilfred, his sire. Headmaster will carry the colors of the Quincy stable in the best races run in Maryland for the next seven or eight weeks and then return to New York.

Wooden Shoes, another of the Quincy string, and the runner-up at Syracuse in the race which Richard T. Wilson's old campaigner Anadi established the new American record of 1:36 1/4 for one mile,

THE RACING OF CHARLESTONIAN IN THE COURSE OF THE LAST TWO YEARS

Quite a good race horse has Charlestonian appeared at times in his two years of racing and quite distinctly the reverse at other times. Whether his variations in form have been due to some infirmity of temper or bodily make up or to faulty training methods is a problem. Last year he was easily beaten in the Palmetto Derby by such a commoner as Ivan Gardner. Yet it was not a great while afterwards that he was found defeating such three-year-olds as Roamer, Gainer and Thornhill, which in the way of a contrast was about all that could be imagined in that line.

When a two-year-old Charlestonian was started in nine races, of which he won two and was placed in four more. His beginning in racing was deferred until August 5, 1913, when he was started in a five and a half furlongs race for a purse at Saratoga and finished last to Little Nephew, Roamer, Surprising and four others, the race being run in 1:06 1/2. August 22, in another race at the same track and distance, he finished thirteenth in a field of fifteen starters, Brimley winning, with Harvest Queen second and Miss Cavendish third in 1:08 1/2. August 23 he was unplaced to Little Nephew, Undaunted and Trumps in the Sanford Memorial Stakes, at three-quarters of a mile, run over a slow track in 1:14 1/2. That was his last race of that year in which he was unplaced. He was not started again until November 1, at the Pimlico fall meeting, when, at five and a half furlongs, he defeated fifteen opponents in a race for maiden two-year-olds and won by two lengths in 1:08 1/2, with Thornhill second and Prince Chilton third. It must have become well known that he had improved since his unpromising Saratoga campaign, for he was at slightly less than 4 to 1 in this big hand of stakes, November 7, in a sprint for all ages at the same distance, he ran third to Flittergold and Besom and was only beaten a length in the track record time of 1:06 1/2. This was a good race and the old warrior, Sir John Johnson, was among the six behind him. Four days later he did better still when, in a handicap for two-year-olds at three-quarters of a mile, he won in 1:14 and defeated Stromboli, Undaunted, Brave Comander, Martian, Zodiac, Executor and Lyric Muse. He carried 112 pounds to 124 on Stromboli, and won by a nose at the end of a drive in which he beat the Belmont crack race head and head throughout the length of the homestretch. At Chicago, December 9, Brig's Brother and Brave Comander defeated him at five and a half furlongs in a race for which he was a 4 to 5 favorite, and on December 13 the three-year-old Tarts won from him by a head at three-quarters of a mile in 1:14 1/2. Brave Comander finishing third. It was no discredit to him to be beaten by such a fast filly as Tarts. On the last day of the month the colt Deposit, carrying 103 pounds, beat him by a half length at three-quarters of a mile in 1:16 1/2, over a muddy track. He carried 118 pounds. Ivan Gardner, with 94 up, was third, Boly Hill, Brave Comander and Gordon running unplaced. If any deduction could be made from this race it was that Charlestonian must inevitably defeat Ivan Gardner in the Palmetto Derby, the race all the best two-year-olds at Charleston were pointing for.

His first race as a three-year-old was in the Spartanburg Handicap, at three-quarters, run February 11, over a good track. Old Ben won this in 1:15 1/2, with the 4 to 5 favorite, Surprising, second and Korfhage third. His turn to win came February 20 when, in the Derby Preliminary Handicap at a mile, he defeated Deposit, Indolence, Ivan Gardner, Polly II, and Old Ben in 1:45 on a sloppy track and gave weight to all in the race except Old Ben. Next Old Ben gave him a pound and a length's beating at a mile and a sixteenth in 1:51. This was see-sawing with a vengeance. Old Ben having finished last in the Derby Preliminary. The Derby was run February 28 and, carrying 119 pounds to his 112, Ivan Gardner won, with Indolence second, Charlestonian was third and a 9 to 10 favorite, the mile and a quarter of the race being covered in 2:13 1/2, over a muddy track.

From Charleston he was taken north and, making his first start in the Withers Stakes at Belmont Park, May 30, was naturally a 40 to 1 outsider, since at equal weights he was meeting Old Rosebud, Gainer, Roamer and Superintendant. Yet he won. This was the race for which Old Rosebud was favorite at 1 to 5 and fell lame while in the lead and finished last. It was a moral certainty that he would have won but for Gainer by a few inches in 1:39 1/2, with Roamer a bad third eight lengths away. This was a race of undeniable merit and when in the Larchmont Stakes, June 4, he took up 127 pounds to 130 on Gainer and defeated the latter again, with Flignay, 114, third, and Thornhill, Early Rose and Black Broom unplaced, it began to appear that Charlestonian was a much improved horse since getting away from Charleston. This race was at a mile and eighth over a sloppy track and was run in 1:53 1/2. However, when it came to the running of the Belmont stakes, on June 20, with only three starters, Gainer beat him a half length for second money, while Luke McLuke won the race away off by himself. The three races seemed to demonstrate that at that time Gainer and Charlestonian were pretty close together in racing form. After that he was beaten in five more races and did not win again until at the Belmont Park fall meeting.

There, on September 11, at a mile, with 90 pounds up, he ran the distance in 1:38 and easily defeated Hedger, 116 pounds and Thornhill, 109. September 15, when carrying 108 pounds, he defeated Meeting House, 125 pounds; Yankee Notions, 113; Heister Pryme, 112; Flittergold, 108; Spring Board, 114; Uncle Mun, 99; Baskin, 123, and Lily Orme, 90, and, running the three-quarters of the race in 1:12 1/2, won from Meeting House by two lengths. This was a capital performance. His last race of the year was a handicap at seven-eighths of a mile, in which the starters, weights and order of finish were, Flittergold, 106 pounds; Working Lad, 100; Charlestonian, 115, and Baskin, 116. Flittergold won by a head in 1:24, while Working Lad was four lengths in front of Charlestonian. The record and pedigree of the latter are:

PROMISES ARE CARRIED OUT

ONE HUNDREDTH DAY OF JUAREZ MEETING
NOW MATTER OF HISTORY.

Season at Mexican Course Likely to Continue Until
April 11 if Conditions Remain Favorable—Yesterday's Racing Without Special Incident.

El Paso, Tex., March 19.—This was the one hundredth day of the Juarez meeting. In announcing the meeting last fall, General Manager Winn promised the horsemen and other patrons of the sport that it would continue for one hundred or more days. That promise has been fulfilled and it was recently announced that the meeting would continue at least until April 4 and that it might not be brought to an end until April 11, the latter arrangement being contingent upon the extent of the patronage accorded the sport during the interval before April 4.

Today's card was devoid of special feature and the selling platters held full sway, with large fields prevailing. The weather was summerish and the track was in its normally fast condition.

Van Horn proved best of the bad lot than ran in the opening dash and won off by himself. In the second race B. A. Jones led throughout by a considerable margin, while Ruby Sun beat the favorite, Trulene for second money. The third race yielded up the first winning favorite of the day when Connaught worked his way up from far back to beat out the pacemaker, Rosemary, which mare was making her first start of the season.

Waverine, which the veteran Green B. Morris is training for H. B. Gorin, was supported to the virtual exclusion of everything else in the fourth race, and flattered her backers by setting the pace to the stretch. Then she weakened and Art Rick and Colonel McDougall passed her and finished first and second, respectively.

A "killing" failed by the slender margin of a head when Lackrose lost to Pride of Lismore in the fifth. Lackrose went to the front the best backed favorite of the day, after having opened at lucrative odds. Pride of Lismore showed his usual brilliant turn of speed and led all the way, while Lackrose was unlucky at the start and had to close a big gap.

Spindle was most highly regarded for the final race, but could do no better than finish third to Phoebe Kripp and Cloud Chief.

A light wind blew throughout the afternoon, but was not of sufficient velocity to be uncomfortable. Jockey H. Stearns, who was recently injured in a fall and has been in the hospital, has developed a case of typhoid fever. He is under contract to E. J. O'Connell.

Enoch Hughes, a Texas bookmaker, is a late arrival. He intends to remain until the end of the meeting. Ray O. Egan, who owns a good string of horses at this course, left for San Francisco last night. He will remain there for a few days and then proceed to Butte to confer with H. I. Wilson and Paul Albertson, the leading stockholders in the Butte Jockey Club regarding the invoking of a referendum law in that state in connection with the anti-betting legislation recently enacted at Helena.

ADDITIONAL ARRIVALS AT BOWIE.

Baltimore, Md., March 19.—Horsemen who have been held at New Orleans awaiting the outcome at Hot Springs are now scattering and most of them are heading for Bowie. Two carloads came in by express from the Crescent City yesterday. The shipment included sixteen head, the property of Morgan & Newman, and ten head trained by W. A. Burtis, who has the horses of Sam Louis in charge. Morgan & Newman are Cleveland turfmen who are just breaking into the sport. They have a number of likely two-year-olds by Transvaal, a son of Commando. Ed Moore has the string in charge and brought along with them his old campaigner, Montcalm.

Phil Hyams and Wayne Joplin wired from Havana for stalls. A special shipment will leave Cuba Monday for Bowie, bringing, among others, the Talbot string of ten head and twelve belonging to H. O. Comstock. Mr. Comstock has ten California-bred two-year-olds, some of them of much promise. One of them, by Tim Payne—Bonnie Lisak, showed a sensational trial at Charleston before shipping to Havana, and was dubbed the "black whirlwind" by the rail birds at Palmetto Park. Andy Blakeley is training the Comstock youngsters and has with them his old campaigner, Towton Field.

J. F. Harris, a Maryland horseman, has shipped Remarkable, Racing Bell and Deduction from Towson to Bowie. Deduction is already close to a race. Reports are coming from Benning of good workouts, and the horses quartered there will be among the best fitted for the early meet at Bowie. Joe Knight is said to have worked three-quarters over the Benning track in 1:17, which is certainly going some for so early.

Starter Dade's assistants have put in an appearance at Bowie and are ready to school horses at the barrier.

T. C. McDOWELL RETURNS FROM HAVANA.

Lexington, Ky., March 19.—T. C. McDowell returned today from Havana. He says he had a good winter and likes the city greatly. The racing, he expects, will be better next winter. He found his horses at the local track that were left in charge of George Denny in splendid shape. The four horses he had at Havana and three belonging to T. P. Hayes are on the way to Lexington and should arrive tomorrow. Ted Koerner will ride for Mr. McDowell this year.

Senator Johnson N. Camden, who reached Kentucky yesterday from the east, was a visitor at the track this morning. It is the first time he has seen his horses since mid-winter. Peter Winner let Luke and One Step center three-quarters in 1:30. The weather is wet and was against spirited work.

Jack Adkins sent all of his horses along at a two-minute clip today.

HORSE KILLED IN RACE AT HAVANA.

Havana, Cuba, March 19.—The racing at Oriental Park this afternoon was marred by a mishap as the result of which the four-year-old gelding Smiley was destroyed. Smiley and Kettledrum fell during the running of the second race and the former suffered a broken back. Jockeys Dreyer and D. Connolly, who had the mounts, escaped with a shaking up.

James Arthur scored a double for Mrs. T. Francis with Lucia Ben and Margaret Meise. The latter was one of two winning favorites, the other being Zali. Jockey Robinson piloted two winners.

FLASH OF STEEL'S AUSTRALIAN VICTORY.

Concerning an important race run at Caulfield, Australia, February 20, "Vigilant" said in London Sportsman of February 22: "Will be referred to a paragraph which appeared in Saturday's issue, stating that the two Irish-bred horses, Land of Song and Flash of Steel, would run on the same afternoon for the valuable Caulfield Futurity Stakes. Flash of Steel, yesterday received a wire from Lionel Robinson that Flash of Steel won the race by a neck, starting at 5 to 4 against. Owned in partnership by Messrs. Robinson and Clark, Flash of Steel was sent to Australia last summer after having run here on three occasions without success in races won by Roseland, Friar Marcus and Golden Era. In all three events Flash of Steel, which was then known as Orbest, showed speed, and for Golden Era's race, the Kennet Plate at Newbury June, he finished third of fifteen. He was bred by R. Croker in 1912, and is by Orby (sire of such speedy animals as Diadumenos, Flying Orb, The Boss and Glencaine) out of Blakestown, by Lesterlin out of Stella, by Necromancer. Being still a maiden he claimed all the allowances in the Caulfield Futurity, and was in receipt of no less than forty-two pounds from Land of Song, which is a four-year-old, and therefore Flash of Steel's son-in-law by a year. The winner is, nevertheless, entitled to considerable credit, for being foaled in 1912 he is only now a young three-year-old according to our reckoning, and was at a big disadvantage with the Australian-bred horses of his own age, and the attendance far greater than in the preceding year. The commission also reports that 'the Jockey Club has continued to maintain the Breeding Bureau station here established by it whereby thoroughbred stallions are maintained at various places throughout the state for stud services at nominal prices. In conclusion the commission states it has no recommendations to make to the legislature. The report is signed by James W. Wadsworth, John Sanford and H. K. Knapp, state racing commissioners."

NEW YORK COMMISSION REPORTS.

Albany, N. Y., March 19.—The New York State Racing Commission has filed its report with the legislature for the year 1914. It states that under its license, racing was conducted on 100 days, as compared with 67 days in 1913.

The report declares that thoroughbred racing in New York State is steadily improving, and that the racing of 1914 was of a better quality and the attendance far greater than in the preceding year. The commission also reports that "the Jockey Club has continued to maintain the Breeding Bureau station here established by it whereby thoroughbred stallions are maintained at various places throughout the state for stud services at nominal prices. In conclusion the commission states it has no recommendations to make to the legislature. The report is signed by James W. Wadsworth, John Sanford and H. K. Knapp, state racing commissioners."

NOTES OF THE TURF.

It is at Bowie that E. C. Smith will serve as handicapper and not at Pimlico.

Jockey C. Grand has arrived at Baltimore to prepare for accepting mounts at Bowie. He can ride at 107 now and probably will be seen on the R. F. Carmar horses frequently.

EUROPEAN WAR DEVELOPMENTS.

The French battleship Bouvet, bombarding the Dardanelles, has been sunk by the guns of the Turkish forts. The Turkish war office announced an official statement. The text of the announcement follows: "An allied enemy fleet heavily shelled the forts of the Dardanelles, which replied effectively, sinking the French battleship Bouvet. Our fleet early today bombarded the ships and the maneuvering place of torpedo boats west of Theodosia (on the Black sea, in Crimea, a port of Russia) and set the buildings on fire." Accurate fire of the Turkish forts on the Dardanelles has caused a cessation of the bombardment by the Anglo-French fleet, according to dispatches from Athens. The report from Constantinople that the French battleship Bouvet has been sunk is not in British admiralty circles, but no statement was issued. An artillery duel in the Dardanelles between Turkish shore batteries and warships protecting allied mine sweepers lasted from midnight until 2 a. m. Thursday, says an Athens dispatch based on information from Tenedos. The warships are reported to have been struck by several shells with slight damage.

The British steamship Glenarney, a 3,500-ton craft owned by the Caledonia Steamship company and loaded with 8,000 tons of rice, was torpedoed off Beachy Head Thursday. The submarine gave chase to the ship, but the crew managed to escape to launch the boats. One man was drowned, however, by the capsizing of one boat. The others, thirty-nine in number, were landed safely at New Haven. The British steamer Hyndford was torpedoed yesterday in the English channel by a German submarine. It is reported that one member of the crew was killed. The steamer was torpedoed in the favorite hunting grounds of the German submarines off Beachy Head, as it was on its way to London. The British steamer Bluejacket, with wheat from Liverpool, also torpedoed by a German submarine off Beachy Head. The crew took to the boats. The steamer, although badly damaged, remained afloat.

Problems confronting American shipping, raised by successive war measures taken by the fighting European nations, were before President Wilson and his cabinet yesterday. The conference was expected to arrive at a definite line of action in shaping a protest against the latest war measure of the British order in council, announcing reprisals against German commerce. It is understood the United States holds that if the action of the allies is a blockade, it must be made effective before commerce to and from Germany can be stopped. It will maintain further that American commerce with European neutrals must not be interfered with. If the allies do not contend that the order in council is a blockade, the United States is not expected to acknowledge the right of allies to detain non-contraband even when consigned to German ports.

Berlin sends out the report that a squadron of six British and four French battleships attacked three fortresses of the Dardanelles on Thursday. At the same time another squadron of the allied fleets began operations against three fortresses in Saros bay. After a fierce artillery duel the hostile ships withdrew at two o'clock in the afternoon, but part of the squadron continued its fire until five o'clock at long range and at great intervals. The French battleship Bouvet struck a mine at 2:30 in the vicinity of the entrance to the straits and sank in three minutes. A British torpedo boat was sunk by the mine. The British battleship ship Irresistible was put out of action, while another battle ship was seriously damaged.

Messages received in London indicate the Germans are concentrating their forces to check the advance of the allies in northern France and in Belgium, and it is expected the war will grow more furious there, carrying out the predictions that the real fighting will begin in the spring. The most important battle on the western front, it is believed, will take place along the river Yser, held on one side by the reorganized Belgian army and on the other by the Germans. As the floods have subsided, the Belgians, supported by the British, are pushing forward their line slightly forward, and this is almost certain to lead to counter attacks by the Germans and a general engagement.

The German general staff gave out a report on the progress of the war as follows: "In the Champagne district further French attacks have failed, one of these north of Le Mesnil, the other north of Reims. We took prisoner two French officers and seventy soldiers. After heavy losses the French retreated under our effective fire to their former positions. Southeast of Verdun the French have made several advances. In the plain of the Woëvre French attacks have been repulsed. The fighting continues."

Victory for the allies in desperate fighting in the Lorette hills country northwest of Arras, and important French gains in the Argonne were reported in dispatches received at Paris from the front yesterday. A Franco-British forward movement in the Lorette region gave the allies command of a German line of communication descending toward the village of Ablain, a few miles north of St. Eloi. A body of German troops that remained to defend the road was either annihilated or captured.

A British correspondent describing conditions in the Dardanelles says the Turkish army has been mounted on rails and can concentrate them on needed points. He adds that all the Dardanelles artillery is being worked entirely by Germans. The loss of a French submarine boat in an attempt to run through the Dardanelles is described by Rear Admiral Guerpette of the French Dardanelles fleet in an interview with the London Daily Telegraph's Tenedos correspondent.

The American embassy at London has been advised that the American steamer Maracas, from New York February 22 for Rotterdam and Copenhagen with a cargo of packing house products, has been ordered before a British prize court at Hull. The steamer has been detained at Kirkwall since March 11. It is expected that the United States soon will appoint a consular agent at Kirkwall because of the large number of ships being detained there.

Several steamers arriving in English ports report having been chased by German submarines. The German navy reports reports reports reports reports from one of these craft, which the officers of the steamer say succeeded in sinking another steamer that they could not identify off Beachy Head. The steamer Colchester, which plies between Rotterdam and Harwich, was reported to have been sunk in two days by the U-28, but escaped.

An arrangement between Great Britain and Germany and Austria by which representatives of the United States will inspect and report upon alien camps in those countries, and distribute to prisoners supplies, was announced by the state department at Washington. Similar arrangements are under contemplation between Russia and France and Germany and Austria-Hungary.

The British auxiliary steamer Orama, which sailed into Alparaso on Tuesday with the wounded from the German cruiser Desdemona, was at Juan Fernandez that Sunday, brought the first news of a battle off the River Plate on November 11, in which the German armed merchantman Narvra was sent to the bottom.

The first ship to be arrested under the new order in council on the reprisal policy is the Swedish steamship Gledstad, laid up in previous years and now destined for Germany. The vessel has been taken to Lees. It is understood that it was seized off the Shetland islands. The cargo probably will be unshipped and sold.

British losses in battle at Neuve Chapelle and St. Eloi are said to be much greater than reported. Lord Claude Hamilton took a meeting in London that of 1,100 men in his regiment, the Grenadier Guards, only 300 escaped unscathed. He attacked the authorities for concealing casualties.

A dispatch from Rome says that Italy is preparing to renounce the triple alliance treaty linking her with Austria and Germany, according to reports from various sources. The majority of the Rome newspapers yesterday warned the public that a crisis in the Austro-Italian relations is near.

The allied fleet literally blocks out the horizon between the Island of Tenedos and the mainland, says the London Daily Mail's correspondent. The task of the mine sweepers, the correspondent adds, which are eleven miles up the Dardanelles, is being made difficult by new floating mines.

Russian claims of another successful invasion of east Prussia were emphatically denied at the German war office. It issued a statement showing that the entire German front in the eastern war theater is on Russian territory.

Reports of the fall of the outer Przemyśl forts, a contrabandist, a Vienna dispatch which says that Russian attacks are made only at rare intervals and that the Austrian defenders have little to do.

A dispatch from Odessa says the British steamer Wolterton has been wrecked by a mine off Sonthana. A Greek soldier is stated to have been killed and four were injured.

The campaign in the east has assumed a new aspect with the penetration of the northernmost point of east Prussia by Russian forces.

GENERAL NEWS NOTES OF THE DAY.

The United States is engaged in diplomatic correspondence with both Japan and China on the question of interest to the American government raised by Japan's demands upon the republic. It transpires that the cultivation of more friendly relations with Russia, which has been disclosed as one of the objects of the administration, is not entirely due to commercial motives. A better understanding with Russia, it is conceived, may be of great value to the United States in opposing the designs of Japan on China. The states that have been taken so far in relation to the Japanese demands upon China are: In accordance with the Root-Takahira agreement, the state department has inquired of Japan whether the proposals she has made to China impair in any respect the preservation of the "open door" commercial policy or the sovereignty of China. A communication has been addressed to the Chinese republic inquiring whether the Japanese proposals conflict in any degree with the provisions of treaties between the United States and China guaranteeing commercial rights to Americans.

The steamer Iroquois brought word to New York of the assassination of Governor Zayas of Santa Domingo and two of his children at Azua, a small town about fifty-five miles southwest of Santo Domingo. Governor Zayas, it was said, went from Santo Domingo to Azua as a passenger aboard the Iroquois to begin his duties as governor of the province. He was in office two days when adherents of a rival political party killed him.

National prohibition was defeated in the voting on the liquor question in New Zealand last December, according to complete returns which have been announced by the government. Supporters of local no license also lost their fight. The vote on both questions, which was closely divided, was: For national prohibition, 247,217; for continuance, 277,432. For local no license, 229,474; for continuance, 274,405.

An American sanitary commission has been organized under the auspices of the American Red Cross and the Rockefeller foundation and soon will be at work in Serbia aiding in the control and suppression of typhus fever, which already has claimed 60,000 victims.

Governor Spry vetoed the Wootton state-wide prohibition bill which passed the Utah legislature by a vote of 40 to 5 in the house and 16 to 2 in the senate. As the legislature has adjourned the governor's veto of the measure is final.

The two American battleships provided for in the current naval bill may be armed with sixteen-inch rifles, the heaviest naval gun ever designed. Tests of the weapons have been highly satisfactory.

As a result of various writs and orders sworn out in his behalf and the resultant legal tangle, Harry Kendall Thaw is in no danger of being returned to Matteawan for at least a month.

JOCKEY BUXTON GETS GOOD ENGAGEMENT.

New York, March 19.—Jockey Buxton will do the contract riding for Frederick Johnson and C. K. G. Billings this season. Buxton, who is a native of Illinois, promises to send to the races a first-class lot of horses. Lampton, a handsome bay son of Golden Maxim and Riddle, is perhaps the most highly thought of three-year-old prospect, and with good reason. He was rated one of the best two-year-olds in the early part of last season, but was a colt that met with more than his share of misfortune. Since going into retirement Lampton, although a two-year-old of magnificent proportions last year, has grown and improved greatly.

Top of the Morning is another three-year-old in the stable that is looking exceedingly well. There is a ray looking lot of two-year-olds in the establishment, and on blood lines there should be some good ones in the collection. The Joker, by King James-Riddle, is a half-brother to Follie Levy and Lampton, while the other two colts in the stable are Flag Day, by Deep O'Bay—Vic Kinney, and Wallace, by Golden Maxim—Hesione. Of the five fillies Virginia M. and Helping Hand showed less in the yearling trials. Virginia M. is by Peter Quince—Amy J., and therefore a sister to Senator Camden's good performer Luke. Helping Hand is by Peter Quince—Sister Juliet, and therefore a half sister to the good campaigner Ancon. The other fillies are King's Oaks, a bay filly by King James—Marjoram, and Intricate, a bay filly by Hastings—Involved.
